

BASIC PROTECTION WHICH IS EASY TO USE

Secure your bike quickly and easily with the Cable Lock 1900 when the risk of theft is low.

Even if it's only for five minutes, you should never leave a bike - even a cheap one - unsecured. The Cable Lock 1900 is the ideal choice for when the risk of theft is low, but you want to leave your bike unattended. Because it makes a huge difference whether a thief simply has to mount the bike and ride off or deal with a troublesome lock first. At a length of 55cm and a weight of just 180g, the Cable Lock 1900 can be transported comfortably in a backpack or connected to the bike's luggage rack or seat post.

Technologies

- 6 mm thick steel cable
- Plastic coating to prevent damage to the bicycle's paintwork

Operation and use

- Basic protection where there is a low theft risk
- Recommended for protecting entry-level and children's bicycles

Tips

- Cable locks are characterised by good flexibility and relatively low weight
- This lock is also available in blue, red and silver, and in fun, bright colours for children

Variants

- Colours: black or colourful (red, grey, blue)
