Racer 660/75 Shadow

A lightweight among cable locks;

Firstly, the ABUS Racer 660 Shadow Cable Lock stands out for its low weight: it weighs in at just 380g. The ABUS Racer 660 Shadow Cable Lock is just a little bit shorter than other cable locks.

But even with a 75cm-long ABUS cable lock it is easy, for example, to lock bikes up together or connect bike components to the frame, so the lock's flexibility makes it ideal as a second lock.

Technologies

- 15 mm thick, high-quality steel cable
- Plastic coating to prevent damage to the bicycle’s paintwork
- ABUS automatic cylinder with anti-drill protection and user-friendly reversible key
- Two keys are supplied in the scope of delivery

Operation and use

- Great protection where there is a low risk of theft
- Recommended for the protection of low-range bicycles
- The longer the chain, the easier it is to lock the bicycle to a fixed object

Tips

- Cable locks are characterised by good flexibility and relatively low weight
