GameChanger light grey S

AERODYNAMICS REDEFINED

The GameChanger sets new standards. What is a cyclist's biggest enemy? Air resistance.

Every cyclist knows that battling against the wind is one of the toughest challenges they face. With its Multi Position Design, the GameChanger redefines aerodynamics. The special shape reduces windage by minimising exposed surfaces, regardless of weather conditions, head-tilt position and inflow angle. Our innovative Forced Air Cooling Technology sucks in incoming air and channels airflow around the head, creating a perfect climate and keeping your head cool even in hot races.

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Eyewear Port at front and rear: recess at the front and rear of the helmet to hold eyewear in a secure and aerodynamic position while riding or during stops
- Acti Cage™: allows larger ventilation openings combined with high stability thanks to foamed-in structural reinforcement
- Forced Air Cooling: the ventilation openings are connected to each other via channels on the inside to guide incoming air through the helmet and thus ensure maximum air circulation and a pleasant head climate
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Stitched straps: for optimum aerodynamics, the straps are sewn and therefore do not require any strap dividers – this means they fit particularly snugly and do not flap while riding

GameChanger light grey S

- Floating Pad: padding on the inside of the helmet, which is clicked into place via several attachment points, making it more flexible and offering better ventilation and greater wear comfort
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Flow Straps™: aerodynamic straps for low flow resistance, less noise and high wear comfort
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - GameChanger light grey S

Chin buckle	Push-in buckle
Eyewear Port	Rear, Front
Finish	shiny
Forced Air Cooling	Yes
Head size	51-55 cm
Headring	Half ring
Helmet type	Road helmet
Light	No
Lower edge	No
Mips	No
Peak	No
Ponytail Fit	Yes
Removable pads	Yes
Size	S
Suitable for	Adults, Teenagers
Visor	No
Washable pads	Yes
Weight	260 g
backlight	No
color of facets	grey, blue
design color	light grey
EAN	4003318868283
