

PROTECTS TILTED WINDOWS

Pivoting additional security lock that also reliably protects tilted windows.

Safe and yet flexible: With this additional security lock, your windows remain safe from burglars even when tilted. The security device can be mounted on windows made of aluminium, wood or plastic. Two solid square bolts reliably lock the fuse. The fuse is locked and opened by means of a key. The pivoting lock casing provides security even when the window is tilted.

Technologies

- Two sturdy square bolts
- Swivelling lock casing
- All screws hidden when locked, unreachable for attack
- Incl. two keys
- Easy to fit

Operation and use

- For inward opening windows and patio doors – also protects in tilt position
- Lock and unlock with the key
