

STRONG BOLT FASTENER

Reliable additional window security lock for inward opening windows.

Put up a high level of resistance to burglars. This additional security lock protects your windows and French windows made of aluminium, wood or plastic. The security device is suitable for inward opening windows. It locks with a strong bolt lock. A key is only required when opening. All safety-relevant parts of the fuse are made of hardened steel. The lock case is mounted on the window wing, the strike plate on the frame.
