

STRONG AND CONCEALED

Increase the security of your house and flat doors with this security device.

Burglars repeatedly gain unauthorised access to houses and flats by prying open doors. If you want to increase the security of your house and flat doors, you can rely on this security hinge lock. It is made of high-quality steel and is almost invisible when the door is closed. The fuse is mounted in the door and frame. Two claw bolting steel bolts prevent unauthorised opening.

Technologies

- Covered, in closed position invisible installation
