KeyGarage™ 737 Mini with shackle

UP TO EIGHT KEYS

Our KeyGarage™ Mini 737 enables flexible and temporary key handover, for example to mobile care services or holiday guests.

The KeyGarage™ Mini 737 with shackle is a good way to hand over up to eight keys to different groups of people. For example, you rent out your holiday home or holiday flat? The KeyGarage enables you to easily hand over keys at any time of the day or night. All you have to do is tell your guests the four-digit number code, which you can then easily reset or change for the next guests. Or you have hired a mobile care service, for yourself or your parents? With the number code, the care staff can access the house keys and get into the flat or house without any problems or keys. The key box consists of a robust metal housing. The cap can only be opened with the individually set number code. A plastic cap protects the KeyGarage™ from rain and dirt. It is attached with a shackle, for example on a doorknob.
