Wireless keypad Hometec Pro CFT3000 white

MAXIMUM CONVENIENCE

The modern extension of your electric door opener.

Quickly mounted, very easy to operate: With the wireless keypad, you can add a useful gadget to your HomeTec Pro door lock drive. By installing the device, you can open your doors without having a remote control with you. The backlighting of the keypad ensures trouble-free entry of the door code, even in the dark.

Technologies

- Backlit display with high-quality touch screen
- Easy and wireless installation
- Maximum security due to AES-128 bit encryption
- Power supply by battery (4 x AA batteries included)

Operation and use

- For extended use and additional configuration of the HomeTec Pro central unit
- Very easy to use: lock/unlock and open the door by entering a code
- Enables access authorisations to be granted

Variants

- Colours: silver, white
