SECURE SHOWCASES FROM CURIOUS CHILDREN

Glass cabinet lock LIA protects grandma's precious dinnerware from curious grandchildren

Cups, plates, glasses or decoration in glass cabinets and showcases is a magnet for curious little world explorers. No sooner is the cupboard opened than some precious porcelain cups are lying on the floor - and in the worst case, mum's inherited crockery is broken and her son has cut his thumb. Therefore, protect your favourite dishes during this toddler phase with our glass cabinet lock LIA!

Technologies

- Easy release by pressing the lock
- Simple installation thanks to 3M adhesive tabs (included in the scope of delivery)

Operation and use

- Proven solution to keep children out of glass cabinets and display cases, and protect them from any danger associated with them
- For glass cabinets and display cases
