

Doorstop JC6200 LUCA

Seite 1 von 1

LUCA HOLDS THE FORT

Our doorstop LUCA fixes doors even on smooth surfaces

Soft material, transparent, practical design: Our LUCA doorstop ensures that doors stay open and the door panel remains intact on carpet, parquet and the like. So you can let your offspring romp around the house without a care in the world. When LUCA is no longer needed, you can simply hang it on the door handle. Or take it with you on holiday.

Technologies

- Also secure on flat surfaces
- Transparent design
- Simply hangs from the door handle
- The soft material stops the door panel from being damaged

Operation and use

- Prevents doors from shutting
- For front doors, internal doors and entrance doors
