PROTECT LITTLE HEADS AND THE LIKE

Secure table edges, chest of drawers corners and other places with corner guard JANNIC.

They romp through the kitchen, then through the hallway, then jump over mum and dad's bed and around the corner into the children's room: It's easy not to get the hang of it! Thanks to JANNIC, children's heads and other sensitive body parts (not to mention the knees and thighs of adults) are very well protected against serious injuries.
