

Stop fires the water-free way!

Fire extinguishing spray for quickly fighting smaller sources of fire.

Often all it takes is a careless moment - and the pan, toaster or grill with the delicious sausages are on fire. It is therefore worth having our AFS625 fire extinguishing spray close at hand in the home and garden. The spray is used like a standard can. The spray range of the foam extinguishing agent inside is up to four metres, which allows you to use it from a safe distance. The product is also suitable for grease fires caused by cooking oils or cooking fats. Tip: Also practical for travelling in the car or camper, mobile home or caravan!

Technologies

- 625 ml highly effective foam extinguishing agent
- Easy to use – just like a conventional spray can
- Spraying range (max. distance between source of fire and user) up to 4 m
- Spray time approx. 25 seconds
- Weight: approx. 900 g gross
- Shelf life: 39 months
