

SOLID AND SAFE

Solid additional window lock with rotary knob and key.

Your windows must be secure. That much is certain. Make it difficult for burglars with this solid additional lock. The additional security lock is suitable for windows made of aluminium, wood and plastic. The claw bolting double bolt made of steel withstands a pressure of over one ton. The lock is conveniently closed with a turning knob. A key is needed to open it, two of which are supplied.

Technologies

- VdS and DIN-certified
