80TI/60

LIGHT, ROBUST AND SAFE

Our padlock 80 TITALIUM™ is made of special aluminium with a solid lock body and a precision cylinder.

Not only safe, but also light: Our 80TI secures larger valuables or items at high risk of theft. We therefore recommend the lock for cellar doors, gates, cupboards, lockers or tool boxes. The hardened steel shackle is equipped with a Nano Protect™ coating. This makes the 80 TITALIUM™ padlock particularly robust and secure.

Technologies

- Solid lock body made from TITALIUM™ aluminium alloy - higher security, less weight
- Hardened steel shackle with NANO PROTECT™ plating for extreme corrosion resistance
- 6-pin precision cylinder with paracentric keyway
- Double bolted shackle
- Chrome-plated cylinder plugs with additional corrosion resistance
- Large tulip-shaped key head

Operation and use

- To secure valuables/ goods of greater value or at a high risk of theft
- To secure doors, gates, cupboards, tool boxes, cellar windows, sheds, switchboards, etc.

Variants

- Sizes: 40, 45, 50, 60 mm
- High shackles (HB): 40HB40, 40HB63
