Half cylinder E50PS

WITH PRE-SNAP FUNCTION/SET BREAKING POINT

Our door cylinder E50PS convinces with high-quality materials and special pins for increased picking and manipulation resistance.

The door cylinder is equipped with a pre-snap function, a defined predetermined breaking point. When force is applied, the door cylinder breaks so that front doors or flat doors remain locked.

Technologies

- Door cylinder complies with DIN EN 1303 and ISO 9001:2015
- 5-pin cylinder
- Paracentric key profile for increased protection against picking
