

Terxon LX 8-Zone Wired Extension

Art.-Nr. AZ4230

Seite 1 von 1

Technical data - Terxon LX 8-Zone Wired Extension

Connections	5-wire bus
Current consumption	60 mA
DC power supply	12 V
Dimensions	(WxHxD) 128x183x35 mm
Height	183 mm
Housing material	ABS
Length	35 mm
Max. Air humidity	96 %
Max. Operating temperature	55 °C
Mechanical protection	No
Min. operating temperature	-10 °C
Mounting type	Surface mounted
Net weight	0.4 kg
Number of wire zones	8
PSTI conformity needed	No
Power consumption	60 W
Switching outputs	2 Transistor-outputs (1 positive/negative switching output each, 100mA)
Tamper monitoring	Yes
VdS class	without
WEEE group	09
Zone closure	NC, DEOL (FSL)
width	128 mm
