

Rod sets for FOS 550 E, white, 75/75 cm

Art.-Nr. FU8426W

Seite 1 von 1

Order the matching bar set at the same time as the FOS 550 E wireless window bar lock. Selecting the right bar set: The window wing or French window leaf is measured from the centre of the existing handle square upwards or downwards.
Note: In order to optimally measure the wireless range of the mechatronic products on site, we recommend the ABUS wireless test box.
