

Mini PTZ Dome Camera

Art.-Nr. TV7602

Seite 1 von 1

The Mini PTZ Dome Camera is ideal for implementing a cost-optimized, inconspicuous video monitoring system. Thanks to its compact housing design, the dome looks good indoors as well. Numerous control options, a high-quality zoom objective and alarm functions ensure efficient monitoring of stores or sections of companies that need security. This mobile and effective 24-hour watch dog is setting new standards in its segment: The small dimensions, favorable entry-level price and high level of performance give the dome an exceptional position in the market.
