

# Remote Control for Video Recorder

Art.-Nr. TVAC40930

Seite 1 von 1

Maximum ease of operation: Operating your ABUS video surveillance recorder has never been easier! Complicated user menus are history, you can now operate your ABUS video surveillance recorder (TVVR20000, TVVR30000, TVVR400x0, TVVR500x0) by remote control, as easily as your DVD player at home. Remote control is particularly convenient when the recorder is not positioned within easy reach (e.g. under the table).

## Technologies

- Easy operation of ABUS recorders
- To be used with the TVVR20000, TVVR30000, TVVR400x0 and TVVR500x0 models
- Power supply via 2 x Mignon AAA batteries (not included)
