BORDO™ Lite Mini 6055C/60 black + bracket SR

The lightweight lock

At just 460 g, the BORDO Lite 6055C Mini is a lightweight lock and offers perfect security-weight ratio.

Thanks to the individually configurable digit code, you no longer have to take an additional key with you during bike rides. Due to its small size, the BORDO Lite Mini fits into every jersey pocket. If you want it even easier, you can use the bracket SH 6055 Selle Royal. This means that the BORDO Lite 6055C can be carried underneath the Selle Royal saddle to save space in the jersey pocket or on the bike frame.

Technologies

- Special steel design, with colour-coordinated plastic casing to prevent damage to paintwork
- The bars and housing are manufactured using particularly lightweight materials and steel alloys
- Bars connected with special rivets
- Two-component number reels guarantee long-term readability of the digits
- Individually configurable code
- Perfect security-weight ratio
