## ALL-INCLUSIVE FOR WAPPLOXX PRO PLUS (1-CYLINDER)

The electronic locking system wAppLoxx Pro Plus

Digital access control for companies: efficient and convenient, online-capable and wirelessly networked. Software management and app for 160 doors. If required, wAppLoxx Pro Plus can also be used to operate (arm/disarm) an intruder alarm system (see Intrusion starter kit).

Complete package for a quick start

The Starter Kit Access black contains the wAppLoxx Pro Control Plus access control panel for up to 160 doors and 1,000 users. And a wAppLoxx Pro cylinder with outside knob in the colour black.

Cylinder variant

The supplied cylinder is an electronic double knob cylinder with Mifare Desfire EV1 reader unit (in secure mode), standard size 30/30, with standard anti-drill cover and with access control (without intruder alarm functionality).

Comprehensive accessories

The scope of delivery includes all accessories (power supply unit, network cable, transponder, tool set) for installation and start-up the access control system.

---
