

## INSTALLATION BOX FOR TUBE CAMERA (BLACK)

This installation box is an optional accessory for installation of the tube cameras IPCB64621 and IPCB68621 (colour variant black).

With the surface-mounted installation housing, you can install the cabling of your camera both indoors and outdoors in a protected and concealed manner. The robust aluminium construction ensures a secure connection between wall and camera and protects the connecting cable from weather, moisture, damage or sabotage.

The box is designed in black to match the respective cameras and blends discreetly and inconspicuously into any environment or façade. With a diameter of 120 mm (mounting plate), an overall length of 137 mm (incl. cable guide) and a mounting height of 53 mm, the installation box is perfectly matched to the IPCB64621 and IPCB68621 tube cameras. The box weighs only 0.55 kg and is therefore easy to handle. It installs in a few simple steps and offers secure and concealed cabling for your cameras.

## Technologies

- Compatible with IPCB64621, IPCB68621
- For a protected and concealed wiring indoors and outdoors
- Robust aluminum construction
- Colour: Black
