

INTERNATIONALLY TESTED SECURITY

Rely on the tested quality of ABUS. Various countries have given it their test seals.

Benefit from the ABUS materials tested for various attacks and secure your quality bicycle, even with a medium risk of theft. The SHIELD™ 5650 Frame Lock from ABUS is exactly for this purpose. Specially hardened steel used in manufacturing the 8.5 mm shackle, the enclosure and structural parts of the locking mechanism create the appropriate conditions for reliable theft prevention. The ABUS SHIELD™ 5650 Frame Lock has test seals from the Netherlands, Norway, Finland and Sweden.

Technologies

- 8.5 mm thick locking shackle
- The shackle, the case as well as supporting elements of the locking mechanism are made of specially hardened steel
- Accessories can easily be fitted to the locking mechanism on the lock housing
- The R (key retaining) version holds the key when the lock is open, the NR (non key retaining) version allows taking the key out of the cylinder

Operation and use

- Good protection at medium theft risk
- Recommended for securing good bicycles

Tips

- Frame locks are a convenient protection against unauthorized use of the bicycle

SHIELD™ 5650 R black

Seite 2 von 2

-
- The 4960, 5850, 5650 Cable and Chain connection options significantly increase security
 - The use of a second lock is also particularly recommended
-
