SAVING TIME AND MONEY

This ABUS bike lock is particularly practical. Use the keyed-alike keys to operate additional locks.

Never leave your bike unattended and unlocked - you won't believe how quickly bicycle thieves can steal your bike. The cost-effective Winner 885 Coil Cable Lock from ABUS can be locked extremely quickly without the need for a key. That saves precious time. You can also order the ABUS bike lock together with other keyed-alike locks. That means you only need one and the same key for multiple locks. We recommend the Coil Cable Lock Winner 885 for securing low-cost bikes and as a second lock for securing individual bike components.

Technologies

- 9.5 mm thick, high-quality and super flexible spiral cable
- Plastic coating to prevent damage to the bicycle's paintwork

Operation and use

- Good protection at low theft risk
- Ideal for securing entry-level bicycles

Tips

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
 - The lock is ideal as a second lock for securing components
 - The lock can be ordered keyed alike with other locks, all of which are operated using the same key or locking method
