## STAYING SAFE ON A TRAINING BIKE

Even little cyclists need a helmet. With the Smiley 2.1 the first excursions with the training bike become a safe thing.

The one who practises early will become a master. This wisdom also applies to cycling, of course. Of course, when the future winners of major cycling tours speed through the area on their wheels, their safety is particularly important.

Our children's helmet Smiley 2.1 protects the head of the little ones reliably against falls and unavoidable collisions. This is ensured by our innovative safety technology as well as our many years of experience. Because the well-being of the children is very important to us.

## Technologies

- Reflector Sticker: for better visibility in the dark
- Bug Mesh: keeps flies and other bugs off your head without messing with the helmet's ventilation
- Rear Light: Light on the back of the helmet for better visibility in road traffic
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Flap Divider™: strap divider for individual adjustment of the straps below the ears – with clamp fastener to fix the set position
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing

- 
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection
- 

## Technical data - Smiley 2.1 rose strawberry M

Finish	shiny
Head size	50-55 cm
Peak	No
Size	M
Visor	No
Weight	240 g
backlight	Yes
color of facets	pink, red
design color	rose strawberry
EAN	4003318817977
