

# Booster 6512K/180 black without bracket

Seite 1 von 2

## SIMPLE AND FLEXIBLE

The Spiral Cable Lock Booster 6512K is particularly easy to transport and can be used in many different ways.

With this bicycle lock you have many options. Benefit from high-quality materials and the advanced ABUS technology. The 12 mm thick, high-quality and super flexible coiled cable with a total length of 180 cm makes it possible to connect your bike wherever you need it. Transport is just as easy. Thanks to its compact transport size, the Spiral Cable Lock Booster 6512K can be quickly and easily carried in the Snap Cage mount on the bicycle. We recommend the Spiral Cable Lock Booster 6512K to secure your bicycle.

## Technologies

- 12 mm thick, high-quality and super flexible spiral cable
- Plastic coating to prevent damage to the bicycle's paintwork

## Operation and use

- Good protection at low theft risk
- Ideal for securing entry-level bicycles

## Tips

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
- The lock is particularly suitable for use by several people
