

CLEAN STATEMENT

With its clean look and modern lines, our XOXO city helmet makes a statement on the city streets. Its archetypal skater-style design emphasises the desire of urban commuters to make a lasting change to mobility with their skateboards, bikes and scooters.

But it's not just the exterior that's impressive. Thanks to the practical slider at the back of the head, you can easily adjust the helmet to the shape of your head - for a perfect fit that lasts all day. And the chin buckle? A reliable plug-in mechanism that can withstand any pressure so that your helmet always stays firmly in place. Our specially developed tube padding provides even more comfort, preventing you from pinching your skin when closing the helmet as well as uncomfortable pressure on the neck.

Technologies

- Zoom™ Slide adjustment system: sliding mechanism at the back of the head that allows the helmet to be continuously adjusted to the head size
- Flap Divider™: strap divider for individual adjustment of the straps below the ears – with clamp fastener to fix the set position
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- Hard shell application: production process in which the outer, injection-moulded shell made of hard plastic is placed over the shock-absorbing rigid foam, thus ensuring a high level of robustness and protection
