StormChaser ACE pure grey M

NEVER COMPROMISE

Race the wind or chase after storms - the StormChaser ACE is a lightweight road helmet for all fast rides.

This road bike helmet has been tried and tested by cycling professionals in road races and cyclocross - and has now received an impressive update: the revamped lower edge protection goes all the way around the helmet and its new visual quality underlines the premium standards of this particularly lightweight bike helmet. The lower edge also protects the shock-absorbing inner material.

Its design remains streamlined and angular. Precisely shaped air inlets and outlets also ensure optimum ventilation of the head.

The new precisely-adaptable and height-adjustable Zoom Pro adjustment system allows the helmet to be customised for the best possible fit and maximum comfort. Revised anchor points for the webbing straps prevent disturbing noises such as slight rattling even during fast rides - chase the storms with the StormChaser ACE!

Technologies

- Lower edge protection: polycarbonate (PC) outer shell covers the lower edge of the helmet and protects against scratches, impacts and signs of wear and tear
- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Front Eyewear Port: defined recess on the front of the helmet to position glasses in a secure and aerodynamic holding position while riding

StormChaser ACE pure grey M

- Acti Cage™: allows larger ventilation openings combined with high stability thanks to foamed-in structural reinforcement
- Reflector Sticker: for better visibility in the dark
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Stitched straps: for optimum aerodynamics, the straps are sewn and therefore do not require any strap dividers – this means they fit particularly snugly and do not flap while riding
- Floating Pad: padding on the inside of the helmet, which is clicked into place via several attachment points, making it more flexible and offering better ventilation and greater wear comfort
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - StormChaser ACE pure grey M

Additional safety features	Reflector Sticker
Chin buckle	Push-in buckle
Eyewear Port	Front
Finish	shiny
Forced Air Cooling	No
Head size	54-58 cm
