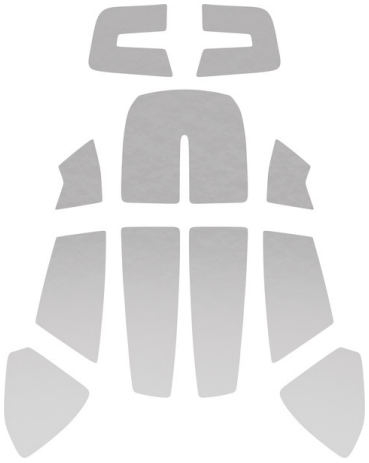
Reflective stickers Scator(-E)



REFLECTIVE STICKERS FOR CONSTRUCTION HELMET SCATOR(-E)

It's a good feeling to be visible. With reflective stickers on the Scator or Scator-E industrial safety helmet, you can easily ensure that you are seen more quickly in the dark and thus reduce the risk of accidents.

The reflective, self-adhesive stickers can be applied in next to no time and offer immediate safety benefits. They are durable and resistant to the elements, making them ideal for outdoor use.

Thanks to their high reflectivity, the stickers ensure that you remain easily recognisable even in poor lighting conditions.

Technologies

- High visibility and reflection
- Self-adhesive

Operation and use

- Suitable for the Scator and Scator-E safety helmets
- Reflective stickers increase the wearer's visibility and thus reduce the risk of accidents
