

3D warning tent JC6464 LUKE

Seite 1 von 2

FROLICKING IN THE DRIVEWAY?

You bet!: Set up our 3D warning sign LUKE!

Whether it's riding a tricycle, playing ball or hide and seek: Children love playing outside. Even if they play in the courtyard driveway or in a play street:

To warn other road users, simply put up our LUKE warning sign. The bright orange colour is very visible from a distance and thus attracts attention.

Technologies

- Reflector strips increase visibility in twilight
- Height: approx. 64 centimetres
- Easy to assemble and dismantle
- Easy to transport
- Large pocket, for example to weigh the 3D warning tent down with a stone

Operation and use

- Alerts road users to children playing
- For courtyard entrances, roadside and residential 'play' streets
