# CombiFlex Combination Cable Series

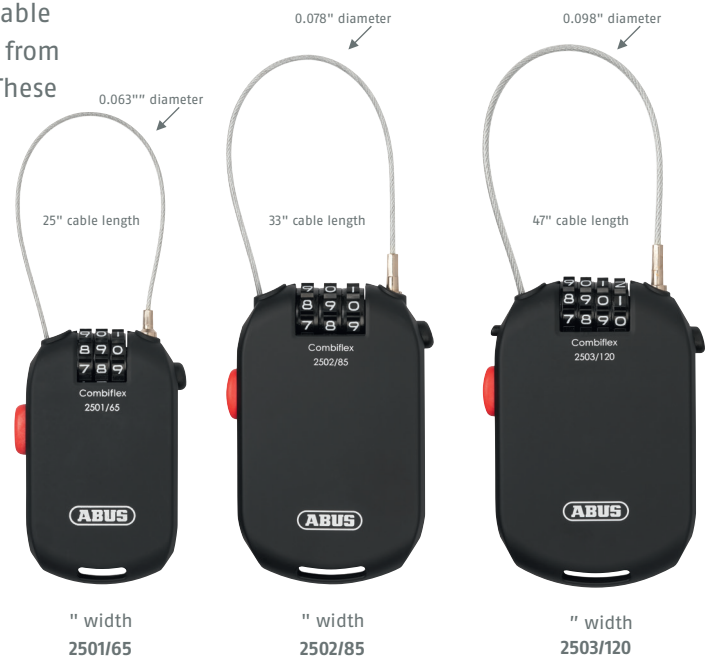

## Compact Cable Lock

CombiFlex compact roll-back combination cable locks are the perfect solution in prevention from occasional theft and/or unauthorized use. These locks provide protection for luggage and sporting equipment such as snowboards, skis, skates and bicycle helmets.

## Key Features

- 3 or 4-digit individual resettable code
- Automatically roll up cable
- Attractive case similar to mobile phone
- Fits perfect in every pocket or bag
