SAFETY DEVICE BALL VALVE LOCKOUT

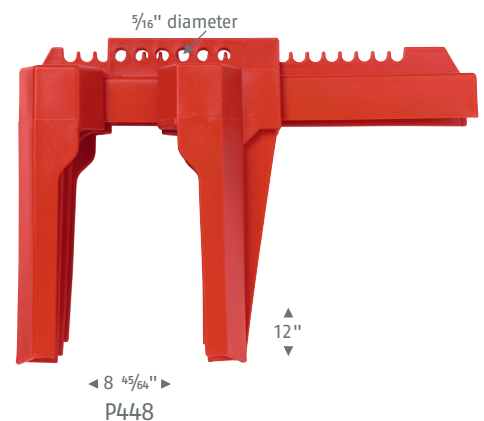

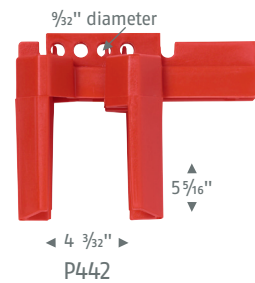

Lightweight & Durable

The lightweight ABUS ball valve lockout device stands out because of the exact fit around the valve. This device features a variety of available holes which provides exact padlock positioning. The four arms of the lockout device make for an optimal reinforcement and easy grip for large levers.

Key Features

- Made from high-quality polypropylene; long-lasting and non-conductive
- Two sizes: Fits ball valves from 1/2" to 8"
- Well-positioned padlock holes for better grip on the valve
- Holds 1 padlock
