POWER PLUG LOCKOUT

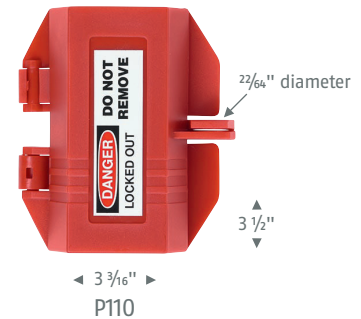

Ensuring Employee Safety

In order to carry out maintenance work on machinery, some plugs have to be disconnected to interrupt the power flow. To make sure these plugs are not plugged in again by mistake, they can be locked inside the Power Plug Lockout.

Key Features

- Made from high-quality polypropylene: long-lasting, robust and non-conductive
- 2 sizes: standard plugs or high-voltage plugs
- Cable tunnel on both sides to secure plug connections
- Warning stickers in different languages included
- Holds up to 4 padlocks with a shackle diameter up to $2\frac{3}{64}$ "
