

PHYSICAL SECURITY

DISKUS® 26 SERIES

Diskus® 26 Series

The Diskus® 26 Series is designed for **high-security storage** of high-value items and provides **maximum protection** from physical attacks with its reinforced steel body. The 26 Series has an improved cylinder anti-cut plate with added drill protection which may prevent pulling and other forms of vandalism. This lock has great resistance to bolt cutters

because of its special hardened alloy steel shackle.

Specifications

Key Features

- Original Diskus® design: 360° protection
- 100% non-corrosive stainless steel inside and out
- Diskus® Deep-Welding Technology provides maximum strength
- Shackle made from hardened alloy steel
- Anti-cut plate
