ALUMINUM TITALIUM™

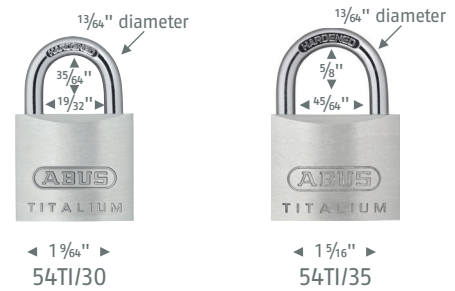

54TI SERIES

Premium Aluminum

TITALIUM™ is a special aluminum alloy that uniquely combines a high level of strength and lightness just like material used in the aircraft and automobile industry. The TITALIUM™ 54TI Series is a cost saving alternative to solid brass locks with the same level of security.

Specifications

Key Features

- Solid lock body made from TITALIUM™ aluminum alloy: light, but secure
- Hardened steel shackle, difficult to cut
- Just as strong as traditional brass padlocks
