

BRASS 85 SERIES

Solid Brass

The Brass 85 Series come with a precision anti-pick cylinder making them the most difficult standard cylinders to pick on the market. The hardened steel shackle is triple plated for **better weatherability** and **cutting resistance**.

Specifications

Key Features

- Body made from solid brass
- Shackle made from hardened steel with NANO PROTECT™ plating
- Inner components made from non-corrosive high quality material
- Precision pin cylinder with mushroom pins
- Paracentric keyway for increased protection against manipulation
- Automatic locking: locking without key by pushing down the shackle
