

ROBUST STRENGTH & PROTECTION WITH A BRASS BODY

The Monobloc 92 Padlock: Resilient Security for Challenging Spaces.

Engineered for installation in inaccessible areas, the Monobloc 92 padlock stands as a robust security solution. Particularly suited for rolling grilles, vending machines, and objects featuring intricate locking positions, this padlock excels in unconventional scenarios.

With a brass body, bolstered by a steel coating, the Monobloc 92 Padlock offers remarkable durability. The steel-coated cylinder boasts exceptional resistance against both drilling and pulling attempts. Complementing this, the shackle, constructed from special steel, further enhances overall robustness. This padlock operates on a key-retaining mechanism, necessitating a key for locking.

Technologies

- Solid lock body made from brass with steel jacket
- special hardened steel shackle
- Drill and pull resistance
- Precision pin cylinder
- Incl. two keys

Use and application

- To secure valuables/goods of greater value or at a high risk of theft
- For particular operations, e.g. automats, roller-shutters, gates, doors, container, trucks etc.
- Ideal in combination with ABUS chain 8KS

Variants

- Sizes: 2 9/16", 3 5/32"

Technical data - 92/80

Depth e	1 5/32 inch
Height f	2 9/16 inch
Horizontal clearance b	1 29/64 inch
Keyed alike	No
Locking type	key
Security Level Home Security	8
Security card	No
Shackle diameter d	15/32 inch
Vertical clearance c	43/64 inch
Weight [lbs]	1.79 lbs
Width a	3 5/64 inch
color	silver
