KEEP YOUR EYES ON THE TRAIL

When you're charging technical trails, you need razor-sharp focus. That's exactly what our new Buteo goggles deliver.

The Buteo goggles have been developed to work perfectly with our lineup of mountain helmets, pairing seamlessly with the ABUS AirDrop, CliffHanger or MoDrop. We have placed great emphasis on comfort, ventilation and appearance so that mountain bikers can tackle the trails with maximum focus. The anti-fog coating, which prevents the bike goggles from fogging, ensures excellent visibility even when riding uphill at slower speeds.

Technologies

- Double layer glass to prevent fogging
- 40 mm strap for slip-free fit
- Fleece layer for maximum comfort
- Nose guard for a comfortable and secure fit
- Available with clear and mirrored tinted lenses

Use and application

- Ideal for mountain bikers
