SHIELD XPlus™ 5755L NR black

SHIELD™ XPLUS 5755 - FAST, PRACTICAL AND ABSOLUTELY RELIABLE

The wait is over: our industry-leading XPlus key system is now available for frame locks.

XPlus is more convenient to use and even more secure: a true win-win situation. In addition, it allows OEM frame locks to be integrated into the One-Key security system with our highest quality Granit XPlus series of U-locks, folding locks and chain locks.

Perfect for the new generation of electric bikes that are taking over our cities.

Technologies

- 8.5 mm thick locking shackle
- The shackle, the case as well as supporting elements of the locking mechanism are made proprietary, specially hardened steel alloys
- Accessories can easily be fitted to the locking mechanism on the lock housing
- ABUS XPlus cylinder for high protection against manipulation
- The R (key retaining) version holds the key when the lock is open, the NR (non key retaining) version allows the key to be removed

Use and application

- Frame locks are permanently installed on the bike and provide a convenient immobilizer

Tips

- Frame locks are an easy and quick to use protection against unauthorized use of the bike.
