

NutFix™ M5 black SPC 30,0 black

Seite 1 von 1

Technologies

- Prevents saddle theft due to patented gravity technology
- Proven technology for a high level of picking protection
- Easy mounting with a standard wrench SW 8
- The anodised surfaces of the caps, available in a range of colors, provide long-term protection against corrosion
- Nuts manufactured from high-quality stainless steel

Use and application

- Recommended for securing medium- and high-class saddles
- For the most common seatpost diameters

Tips

- To prevent the NutFix™ Component Security Device from being opened, the bicycle must always be standing, attached to a fixed object, perhaps with an ABUS U-lock or BORDO™
