

# Numero 5510C/180 black without bracket

Seite 1 von 2

## COMBINATION LOCK WITH DESIRED CODE

You and your family will have this bicycle lock for a long time. With 2-component numbering rollers and special number embossing.

The Spiral Cable Lock Number 5510C from ABUS has everything you could wish for in a combination lock. For example, you can easily set your own combination of numbers. A special dark-touch function facilitates the use of the bicycle lock in the dark thanks to a special imprinting. The

two-component numbering rollers round off the comfort package by ensuring the digits always remain legible. We recommend using the Spiral Cable Lock Number 5510C to secure entry-level bicycles and children's bicycles.

## Technologies

- 25/64" thick, high-quality and super flexible spiral cable
- Plastic coating to prevent damage to the bicycle's paintwork
- Dark-touch function facilitates use in the dark thanks to special imprinting
- Two-component number reels ensure long-term readability of the digits
- Individually configurable code

## Use and application

- Good protection at low theft risk
- Recommended for securing entry-level and children's bikes

## Tips

# Numero 5510C/180 black without bracket

Seite 2 von 2

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
- The combination lock is particularly suitable for use by several people
