Tresor 6512C/180 black SCMU

SIMPLE, SAFE, INEXPENSIVE

The Spiral Cable Lock Tresor 6512C is the right companion if you want to secure your bike inexpensively and well.

The inside of this ABUS bicycle lock consists of a 12 mm thick and super flexible spiral cable. The black coating is made of plastic and protects the bicycle paint from possible scratches. The four-digit numerical code required to open the lock can be set individually. So you can easily use your favourite numbers. In addition, an ABUS combination lock is particularly suitable if the lock is to be used by several people.

Technologies

- 15/32" thick, high-quality and super flexible spiral cable
- Plastic coating to prevent damage to the bicycle's paintwork
- 2-component number reels guarantee long-term readability of the digits
- Individually configurable code

Use and application

- Good protection at low theft risk
- Ideal for securing entry-level bicycles

Tips

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
- The combination lock is great for use by several people
