## AERODYNAMICS REDEFINED

The GameChanger sets new standards when it comes to fighting a cyclist biggest enemy, AIR!

Every cyclist knows that battling against headwinds is one of the toughest challenges they face. With its Multi-position Design, the GameChanger redefines aerodynamics. The shape reduces wind resistance by minimizing exposed surfaces, regardless of head-tilt or wind direction. Our innovative Forced Air Cooling Technology pulls in air and channels it around the head, keeping your head cool on long climbs or hot days.

## Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Eyewear Port at front and rear: recess at the front and rear of the helmet to hold eyewear in a secure and aerodynamic position while riding or during stops
- Acti Cage™: allows larger ventilation openings combined with high stability thanks to foamed-in structural reinforcement
- Forced Air Cooling: the ventilation openings are connected to each other via channels on the inside to guide incoming air through the helmet and thus ensure maximum air circulation and a pleasant head climate
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Stitched straps: for optimum aerodynamics, the straps are sewn and therefore do not require any strap dividers – this means they fit particularly snugly and do not flap while riding
- Floating Pad: padding on the inside of the helmet, which is clicked into place via several attachment points,

making it more flexible and offering better ventilation and greater wear comfort

- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Flow Straps™: aerodynamic straps for low flow resistance, less noise and high wear comfort
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

## Technical data - GameChanger velvet black L

Chin buckle	Push-in buckle
Eyewear Port	Rear, Front
Finish	matt
Forced Air Cooling	Yes
Head size	57-61 cm
Headring	Half ring
Helmet type	Road helmet
Light	No
Lower edge	No
Mips	No
Peak	No
Ponytail Fit	Yes
Removable pads	Yes
Size	L
Suitable for	Teenagers, Adults
Visor	No
Washable pads	Yes
Weight [g]	308 g
backlight	No
color of facets	black
design color	velvet black
EAN	4003318849381
