Hyban 2.0 LED signal black M

VISIBLE ALL DAY HERO

With the Hyban 2.0 LED, you have safety in all conditions. .

Thanks to the LED lights integrated into the shell, you are visible to other road users from all sides -day or night. The Hyban 2.0 LED is the helmet for city life featuring a hard-shell design that can hold up to the daily grind. Comfort is not skimped on, thanks in part to the full ring retention system, large vents and bug mesh. The ZoomAce retention system fully encircles the head and can be easily adjusted with the wheel at the back.

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Reflector Sticker: for better visibility in the dark
- Bug Mesh: keeps flies and other bugs off your head without messing with the helmet's ventilation
- Integrated, rechargeable Front and Rear Lights: permanently installed on the front and rear of the helmet for greater visibility in traffic – can be charged with a Micro-USB charging cable
- IP44: protection class that certifies protection against solid foreign bodies larger than 1 mm and against splash water for electronic products such as lights
- Four different light modes (Rear and Front Light)s: Steady, Power, Pulse and Flash selectable – depending on light and weather conditions
- Operating time per mode in h (min.): depending on the weather conditions and type of use, the available usage time of the light is at least 1.5 hours in continuous mode and in flashing mode at least 5 hours
- Battery charging time (light): the charging time until the battery is fully charged is approximately 3 hours

Hyban 2.0 LED signal black M

- Clip on peak: removable peak attached with pins to protect against sunlight
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Flap Divider™: strap divider for individual adjustment of the straps below the ears – with clamp fastener to fix the set position
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- Hard shell application: production process in which the outer, injection-moulded shell made of hard plastic is placed over the shock-absorbing rigid foam, thus ensuring a high level of robustness and protection
