IVERA Chain 7210C/85 bike packing green

KEYLESS. CONVENIENT. FLEXIBLE.

Do you want to secure your bike quickly, flexibly and without a key? Then the IVERA Chain 7210C is your reliable everyday companion.

Our IVERA Chain locks are the classics among chain locks: easy to handle, versatile and ideal for everyday use. They offer you a balanced mix of security, flexibility and weight - perfect for city bikes and medium theft risk.

With the freely selectable combination code, you can use the lock particularly conveniently and flexibly - without a key. Ideal if several people need to have access or if you value keyless convenience. The 360° bolt locks into place from any position and makes securing your bike easier - even in the dark.

The 7 mm square chain made of hardened steel provides solid protection, while the IvyTex coating protects your bike from scratches and makes the lock weatherproof. A real all-rounder for everyday urban life.

Technologies

- IvyTex technology: resistant IvyTex plastic fibre coating – particularly functional, weatherproof, flexible and durable
- Square chain: 7 mm thick hardened steel chain
- Numerical code: four-digit, freely selectable number combination – can be reset at any time, ideal for sharing with family or flatmates
- 360° bolt: round steel bolt engages reliably from any position – for greater convenience when locking up the bike, even in the dark
- 2-component dials: numbers are firmly integrated into the material and remain permanently legible – no fading, no guesswork
- Scanning protection: makes tampering by scanning the combination lock more difficult – protects against unauthorised acquisition of the combination code
- Solid theft protection: offers good protection with ABUS security level 8 for medium theft risk and is recommended for securing good bikes
- Tried and tested: the lock has been intensively tested for resistance to typical attempts to break it open – using tools such as bolt cutters, hammers or pliers
- Gentle on paintwork: resistant textile coating reliably protects the bike frame from scratches and damage to paintwork when locking up the bike and during transport

Use and application

IVERA Chain 7210C/85 bike packing green

- Lock up flexibly: chain locks are particularly flexible and can be used to lock up bikes in tight spaces or hard-to-reach locations
- Different lengths: the chain lock is available in different lengths – the longer the lock chain, the larger the locking circumference
- Easy to transport: can be wrapped around the bike frame or rolled up and stored in a rucksack, handbag or bike bag
