YARNIT™ 4004C/110 midnight purple

WITHOUT KEY. WITH STYLE.

Do you want reliable theft protection for your bike - but without keys and with style? Then the YARNIT 4004C is your perfect companion for everyday urban life.

The textile chain lock combines proven ABUS security technology with the characteristic knitted look of our YARNIT family and flexible combination code convenience. High-quality textile fibres are woven into a striking knitted structure and enclose a robust steel cable. Inside, a hardened steel chain provides reliable protection for everyday use. Soft on the outside, strong at the core.

Lightweight, flexible and easily shaped, the YARNIT 4004C wraps around bicycle stands, lampposts or railings like a textile rope - even in hard-to-reach places. The textile surface protects the bike frame from scratches and ensures quiet, rattle-free transport during rides. Whether wrapped tightly around the frame or stowed loosely in a rucksack: a holder is not required.

With the individually adjustable, four-digit combination code, you can secure your bike without a key - ideal for everyday use, family or shared use. Thanks to the 360° locking bolt, the lock locks reliably from any position: simply insert, adjust the code and you're done. The YARNIT 4004C is lighter than classic chain locks, easy to handle and made for modern mobility with style.

Technologies

- Clever combination: lightweight, quiet chain lock with fashionable knitted structure and individually adjustable numerical code for flexible theft protection in everyday urban cycling

YARNIT™ 4004C/110 midnight purple

- Keyless: four-digit, freely selectable numerical code – can be reset at any time, ideal for sharing with family or flatmates
- Durable: numbers are firmly integrated into the material and remain permanently legible – no fading, no guesswork
- Convenient: round 360° steel bolt engages reliably from any position – for greater convenience when locking up the bike, even in the dark
- Tried and tested: has been intensively tested for resistance to typical attempts to break it open – using tools such as bolt cutters, hammers or pliers
- Stylish: textile fibres in different colour shades are woven around the lock chain, creating a fashionable, rattle-free and strong knitted structure
- Secure: textile elements are interspersed with a steel cable –- together with the hardened steel chain inside the lock, the lock offers solid protection against attacks with various tools
- Lightweight: perfect for all those who want a lightweight chain lock
- Resistant: with an overall diameter of 24 mm, the lock with security level 7 offers good protection in cases where there is a medium theft risk
- Gentle on paintwork: the textile surface prevents scratches on the bike frame

Use and application

- Flexible handling: highly flexible textile lock can be easily shaped as required and enables convenient connection to bulky objects – even in hard-to-reach places
- Solid theft protection: recommended for securing good bikes, e-scooters or pushchairs – on the move or when travelling
- Convenient transport: no rattling thanks to the textile coating – simply wrap the chain lock tightly around the bike frame or put it in your rucksack, no holder required
- Different lengths: the chain lock is available in different lengths – the longer the lock chain, the larger the locking circumference
- Family-friendly use: combination of several YARNIT™ 4004C locks for even greater range when connecting and for relaxed securing of several bikes together
