H770 red

FLEXIBLE AND NON-CONDUCTIVE

The H770 multipoint locking devices identified are constructed out of plastic.

This design permits the mounting of up to six padlocks, enabling six individuals to independently secure the energy point against unauthorized reconnection, rather than just one.

Technologies

- High-quality nylon: long-lasting, light and non-conductive
- Holds up to 6 padlocks

Use and application

- Lock out power switches during maintenance
- Ideal for lockout applications where more than one safety padlock has to be attached

Variants

- Color: Red
