

FIVE MAIN CLOSURES

Our combination lock 158KC is recommended if you want to secure medium value assets or objects.

Whether it's your sports locker, work toolbox, or yard shed, the Combination Lock 158KC provides a convenient and secure solution for safeguarding your moderate-value items. You can set a four-digit numerical code to lock and unlock it, eliminating the need for keys. In the KC version, which stands for Key Control, this combination lock includes a master key function, allowing higher-level personnel to reset all locks with a master key to the default code "0000." This feature makes the lock reusable, an environmentally friendly and cost-effective choice, especially for locker rentals in schools, gyms, swimming pools, and more.

Technologies

- Solid body made from zinc die-cast
- Shackle made from hardened steel
- 4-digit resettable code
- Disc cylinder - maximum protection against picking
- Lost code can be easily identified and reset by using override key
- Override key sold separately
